PROFESSIONAL SUMMARY

Dedicated Software Developer with 5 years of experience specializing in .NET Core, Angular, and Ionic framework. Proven track record in managing the full software development lifecycle (SDLC) to deliver scalable web and mobile applications. Expert in architecting robust REST APIs and administrative web applications using Microsoft technologies and SQL Server.

EXPERIENCE

Exalca Technologies Private Limited | Full Stack Software Developer | July 2021 – Present
(Previously Intern: October 2020 – June 2021)

- Led the design, development, and implementation of high-performance web applications using Angular and mobile applications using Ionic.
- Architected and developed robust REST APIs using .NET Core to facilitate seamless communication between client and server-side systems.
- Managed the complete software development lifecycle, encompassing requirements gathering, technical specification writing, and performance optimization.
- Conducted thorough debugging and implemented code improvements to significantly enhance application scalability and user experience.
- Collaborated with cross-functional teams to perform code reviews and ensure strict adherence to established coding standards and best practices.
- Utilized C#, Entity Framework, and SQL Server to handle complex data management for administrative applications.
- Integrated KeyCloak and implemented modern security practices to ensure application and data integrity.
- Managed cloud infrastructure using AWS (EC2, IAM, EBS, ELB, ECS, EKS) for deployment and hosting of static and dynamic web applications.
- Utilized SonarQube analysis to maintain high code quality and identify potential vulnerabilities during the development process.

KEY ACHIEVEMENTS

- **Global Product Launch:** Developed and launched "PROCON," a web application that successfully went live in multiple countries, expanding market reach and user engagement.
- **International Implementation:** Earned a prestigious on-site opportunity in Nigeria, Africa, to oversee the implementation and technical support of the PROCON product.

- **Cross-Functional Leadership:** Demonstrated the ability to manage diverse regulatory environments and lead cross-functional teams to deliver complex software solutions.
- **Multi-Platform Delivery:** Successfully engineered a suite of diverse projects including the PROCON Portal (NCP), PROCURESPRINT AGENTIC (PSA), and Asset Reliability Assurance (ARA).
- **Operational Efficiency:** Developed and managed critical systems such as the Supplier Invoice Management System (SIMS) and automated E-Invoice/E-way bill generation modules.

SKILLS

- **Backend Development:** ASP .NET Core, C#, REST API Development, Entity Framework
- **Frontend & Mobile:** Angular, Ionic Framework, React, Typescript
- **Database Management:** MSSQL, Relational Database Management Systems (RDMS), SQL Server
- **Cloud & DevOps:** AWS (EC2, IAM, EBS, ELB, ASG, ECS, EKS), Docker, GitHub, Static Web Application Hosting
- **Tools & Methodologies:** SDLC, Agile Methodology, SonarQube Analysis, KeyCloak, Security Practices, Web component strategy
- **Project Expertise:** Ticket Generation and Management (V-Fix), FAQ Chatbots, Invoice Management

EDUCATION

Bachelor of Engineering (BE) in Mechanical Engineering | Coimbatore Institute of Technology, Coimbatore, Tamil Nadu | Result: 8.65%

ADDITIONAL INFORMATION

- **Languages:** English (Fluent), Tamil (Native)
- **Nationality:** Indian
- **Hobbies:** Badminton, Playing the Guitar
